

## **Success**

**"Success is the progressive realisation of one's worthy ideals"**

Success means making the most of all the available resources.

Success is not being the best according to the standards of others.

Success is doing your best according to your own desires and goals.

How can you apply the definition of success as "doing your best" to each of the following areas of your life?

**Your career:**

**Your relationships with other people:**

**Your health and physical fitness:**

**Your education and personal development:**

**Attaining your long-term goals:**

Knowing where you want to go is the first stage of getting there.
